Ready-to-use

AREA OF USE

USE

- Curative and preventive treatment of soiling of building materials outdoors.

AREA OF USE

Facades:

- Renders, stone, marble, plastic coatings, paint, ceramic coatings...

Roofing:

- Tiles, slates...

Floors:

- Paving, concretes...

- Other substrates, contact us.

PRECAUTIONS FOR USE

- Not suitable for water treatment.

APPLICATION CONDITIONS

- Between 5°C and 35°C.

Should not be used:

- On wet materials.
- During frosty spells and at low temperatures.
- On frozen or thawing masonry.

Before applying cleaning products:

carefully protect (polyane, tarpaulin) all structures from spray, especially: joinery, rolling shutters, rainwater drainpipes, surrounding vegetation, paving, etc.

A compatibility test on the coating is recommended.

TECHNICAL SPECIFICATIONS

COMPOSITION

- Aqueous dispersion of quaternary ammonium salts and specific additives containing neither acids nor sulphates.

PRODUCTS

- Appearance: liquid.
- pH: 7 ± 1

- Contains an application tracing agent
- Action time for in-depth destruction: 7 to 15 days depending on the type of soiling.

APPLICATION

APPLICATION

- Use the product undiluted.
- Mix the product before applying it in order to obtain a good consistency.

Can be used as a curative and preventive treatment on contaminated substrates, after a first cleaning with pressurised water or, after a cleaning with PRB ACTI FLASH.

The preventive treatment is carried out by applying PRB ACTIDÉMOUSSE HP without rinsing at maximum saturation of the substrate until no more product can be absorbed:

Using a brush:

- brush or long-haired wool roller.

Spraying:

- at low pressure (garden sprayer).

Waiting time before coating: 2 days minimum after preventive treatment.

PRECAUTIONS FOR USE

- Read the regulatory labelling on the package and read the safety data sheet before using.
- Wear protective goggles and gloves, as well as work clothing.
- Do not ingest and avoid any contact with food.
- In the event of accidental spraying in the eyes or on the skin, rinse with plenty of clean water.
- In the event of an accident, get medical advice.
- Use PRB ACTIDÉMOUSSE HP with caution. Before use, read the label and product information.
